Subject: Can we have a follow up conversationb about SWAC

Hello John and Chuck,

Given that GP will be developing some sort of proposal on SWAC, I thought it might be good for the three of us to have a follow up visit in preparation. I would like to have their proposal in hand, so we would have something concrete to talk about, but I don't want to wait and be in totally reactive mode either. Any time later today or tomorrow?

Kern
